October 18, 2024

To whom it may concern:

Thank you for your interest in taking the ASBOG examination(s) in 2025. ASBOG examinations are now computer-based; all candidates will sit for the exams at an approved Prometric testing center. This will require registration to be different than it has been in the past. We will need just a little bit of information from you to get you "pre-registered".

Please email me the following information: First Name, Last Name, email address and if you are wanting to register for the Fundamentals of Geology or Practice of Geology. Your deadline to register with the Board for the March 20th or March 21st exam is Friday, January 24th and for the October 2nd or 3rd exam, the deadline is August 22nd. We will take that information and upload it to Prometric for you. More exam highly information, including fees is available to candidates at <https://asbog.org/registration.html>. These fees are not regulated by the Board, and they are paid directly to the testing company.

Your contact information will allow Prometric to contact you directly to schedule when and where you would like to take your test and then allow you to make your payment online directly. That e-mail will come approximately 45 days prior to the test date directly from the testing company, registrations@isoqualitytesting.com. Please check your junk/spam mailboxes for emails from registrations@isoqualitytesting.com.

Please be aware that sending this information does NOT schedule your test, you will do that when the e-mail is received from Prometric /ASBOG 45 days prior to the testing date.

The New ASBOG Examinee Candidate Handbook is located at <https://asbog.org/>.

A handwritten signature in blue ink, appearing to read "Keith E. Warren", with a long horizontal line extending to the right.
