Dear Licensee:

Congratulations on obtaining your PG license for the State of Alabama! We are excited about the response that we have received and look forward to working with you and assisting you in any way that we can.

The Licensing Act, § 34-41-14 (a), states, "Each geologist, upon the issuance of a license, shall obtain from the secretary-treasurer of the board or his or her designee, at a cost prescribed by the board, a seal of the design authorized by the board bearing the name of the licensee and the legend "Licensed Professional Geologist — State of Alabama" together with the serial number of the licensee. A licensed professional geologist shall approve, sign, and affix his or her seal to all drawings, reports, or other geologic papers, or documents involving the public practice of geology which have been prepared by the licensed professional geologist or a subordinate employee under the direction of the licensed professional geologist for the use of, or for delivery to, any person or for public record within the State of Alabama."

In order to obtain your stamp and seal, we ask that you order directly from Seals & Stamps, Inc. The Board has trusted this company for over twenty years in providing products to Alabama Licensed Professional Geologists. Please visit the company's website, <https://www.sealsandstamps.net/> to order. Once ordered, it will take a minimum of 6-8 weeks for your stamp and seal to be delivered to you.
